

THURSDAY

1. REGISTER to BID: You must be registered and have a buyer number to purchase livestock.
Stop by the sale office (**Bldg. D/Sr. Fair Office**) to pick up your number and a copy of the sale program.

2. BID LIKE ANY OTHER AUCTION.
*Auctioneers will be working very quickly.
Bid early to avoid being shut out!*

3. HOGS: New for 2018- The market hog show and sale is terminal. All market hogs that show must be sent directly to harvest.

If you are the winning bidder, you have the following options:

✓ **The Truck** - You are selling the animal to the Packer Bidder, and you only pay the difference between packer bid and your purchase price. Once you have said “**The Truck**,” the animal is no longer your possession, and your decision cannot be changed. Winning packer bids are listed in the sale program.

✓ **To a Meat Processor** - You are sending it to a meat processor to put in your freezer. You will owe the Sale Committee the full purchase amount that you bid.

Using an example of a 240 lb. hog that you purchased for \$1.50 per pound, you would owe \$360.00. (240 lbs X 1.50/lb=\$360.00)
Additional fees owed may include a hauling fee or a processing fee.

When you choose this option, please tell the ringman which processor should take your animal.

4. PAYMENT OPTIONS

Once you have finished buying in the auction, return to the sale office to pay for your purchases with cash, check, or credit card.

➡ If you are purchasing an animal for your own freezer, there are 3 processors available.

- Davidson's Meat Processing
- Copey's Butcher Shop
- J & L Processing

Contact information is listed on the front.

➡ If you choose to send the animal to one of these three processors listed, you will be responsible for the entire amount bid PLUS processing.

➡ Following the Sale, the processor will contact you regarding how you would like your meat processed - cuts of meats, number of steaks per package, etc. Once your meat is ready, you will then pick it up and pay the processor for their services.

State of Ohio Regulation
