

My name is Edward J Cranmer II, I live just east of Lebanon with my wife Stacy. We have 5 children between us and 4 grandchildren. I am hoping to become a member of the Senior Fairboard so I can help make the fair experience as memorable for today's kids as I found mine to be when I was a 4-H member.

I was a ten year 4-H member (1973-1983) showing Holstein dairy cattle at the Warren County Fair and also at District level. I served as a 4-H advisor for 3 years during part of the time that our children showed Alpacas and Poultry.

Working in the farm equipment business, managing a local golf course and most recently raising corn, soy beans and hay, has continued to strengthen my attachment to our county and its surrounding communities. I believe my attachment is rooted in my years in 4-H and the Fair, which I feel could make me a great asset as a Warren County Senior Fairboard member.
