HOGS: The market hog sale is terminal. All market hogs that show must be sent directly to harvest.

If you are the winning bidder, you have the following options:

- ✓ **The Truck** - You are selling the animal to the Packer Bidder, and you only pay the difference between packer bid and your purchase price. Once you have said “**The Truck**,” the animal is no longer your possession, and your decision cannot be changed. Winning packer bids are listed in the sale program.
- ✓ **To a Meat Processor** - You are sending it to a meat processor to put in your freezer. You will owe the Sale Committee the full purchase amount that you bid.

Using an example of a 240 lb. hog that you purchased for \$1.50 per pound, you would owe \$360.00. (240 lbs X 1.50/lb=\$360.00) Additional fees owed may include a hauling fee or a processing fee, please see back of page for more information.

When you choose this option, please tell the ring man which processor should take your animal.

- ✓ **To Shared Harvest** – You are sending the animal to be processed and donated to the Shared Harvest Foodbank You owe the **FULL** amount of the bid; however, the meat will be sent to Shared Harvest Foodbank.
